Dear Sir,

*Handwritten note:* "Syringidic Treatment of Kuru" is it what is known as "guinea" treatment?  
I thank you for your Catalogue & particularly for the Card of 2-3-47.

I intend to purchase some books from you and so, please let me know if they are ready for despatch or still in the press. The leaflet describing about the books was printed in -4-46 and as such I think the books are ready. Your book "Syringidic Treatment of Kuru" is in English. Are the other books in English?
